We used **Roblin Detail N' Shine** to prepare for our Auction Sale. I had seen their work at my friend's sale. I thought our equipment looked decent but they brought a new meaning to clean. Wally and his crew were very obliging and easy to work with. I'd highly recommend them for your cleaning needs...

*Bruce Gardiner, Westbourne MB  
2023*

Calling Wally was certainly a good move when preparing for our sale. His crew at **Roblin Detail N' Shine** completely cleaned and shined inside and out all of our major equipment. Certainly was an important part of our successful sale!

*Brenda & Alan Stein, Moosomin SK  
April 18, 2023*

We used **Roblin Detail N' Shine** to prepare our equipment for our farm auction sale held April 19, 2023. The sale was very much a success and I feel some of that was due to the very good work done by Wally and his crew. The equipment looked better than we could have imagined...

## With smart planning,

you can accommodate family legal situations, creditor proof your assets and minimize your farm's and your family's total tax payable during your

lifetime and at death. Estate planning requires an investment of your time and some money, but the return on your investment may be huge. Of the 193,492 farms counted in 2018, only 16,200, or just over eight per cent, reported having a succession plan according to Statistics Canada.

### Planning ahead will help you:

- Reduce taxes paid
- Assist with property or land sales
- Avoid OAS claw backs
- Use OAS and CPP incomes strategically
